LOUISIANA BAR
FOUNDATION
FUNDING CIVIL LEGAL AID

Mission

The Louisiana Bar Foundation (LBF) exists to preserve, honor, and improve our system of justice by funding, developing or otherwise promoting efforts which enhance the legal profession, increase public understanding of the legal system and advance the reality of equal justice under the law.

Who We Are and What We Do

For more than 30 years, Louisiana Bar Foundation has been a trusted authority and the state's largest funder of free **civil legal aid**. We serve Louisiana's poverty population.

Our goal is to make sure that all Louisianans, regardless of their background or income level, have access to free **civil legal services** that they need.

Our decades of experience as a **responsible steward** of funds along with our well-established partnerships across all **64 parishes** has allowed us to help hundreds of thousands of Louisiana residents gain **access** to the legal system.

What is Civil Legal

Aid and Why Does it Matter?

Civil Legal Aid is free legal assistance provided to help people facing non-criminal, civil legal challenges.

Access to an attorney is not a fundamental right in civil matters.

Civil Legal Aid helps people with a range of issues, including assistance for veterans and military families, domestic violence, senior and elderly services, child welfare services, housing, and employment.

**By protecting patients'

Access to **Civil Legal Aid** makes Louisiana's communities stronger by helping people to avoid foreclosure, protect themselves from domestic violence, gain custody of their loved ones, and safeguard their economic security.

Why We Help

40% of Louisiana's population earn incomes below **200%** of the Federal Poverty Level.

Louisiana has more than **1.7 million** people who are potentially eligible for free civil legal aid.

We currently have **1** civil legal aid attorney for every **11,230** eligible people.

Other Initiatives

The **Louisiana Bar Foundation Kids' Chance Scholarship Program** is the state chapter of a national organization that awards scholarships to the children of Louisiana workers who have been killed or permanently and totally disabled in an accident compensable under a state or federal Workers' Compensation Act or law.

These work accidents often result in difficult challenges for the family as they struggle to overcome the financial burden of these losses.

Often a child's dream of going to college is crushed because of unexpected income loss and/or the necessity to forfeit an education for work to financially support other family members.

Since 2004, the program has awarded 337 scholarships totaling \$863,100.

Governor Jeff Landry proclaimed November 18-22, 2024 Louisiana Bar Foundation Kids' Chance Awareness Week in Louisiana.

Children and Families Justice Clinic

Loyola Law School and LBF have partnered to create the Children and Families Justice Clinic.

Student practitioners in the clinic will play a key role in developing trauma-informed training opportunities for lawyers, judges, court personnel, community partners, and court-involved mental health professionals.

Law Schools Outreach

We are working directly with law schools to engage and educate law students; establish clinical programs that focus on civil legal aid and create a pipeline for aspiring public interest attorneys.
