Rule 6.1 Voluntary Pro Bono Publico Service

- Every lawyer should aspire to provide legal services to those unable to pay. A lawyer should aspire to render at least (50) hours of pro bono publico legal services per year. In fulfilling this aspirational goal, the lawyer should:
- (a) provide a substantial majority of the (50) hours of legal services without fee or expectation of fee to: (1) persons of limited means or (2) charitable, religious, civic, community, governmental and educational organizations in matters that are designed primarily to address the needs of persons of limited means; and
- (b) provide any additional services through: (1) delivery of legal services at no fee or substantially reduced fee to individuals, groups or organizations seeking to secure or protect civil rights, civil liberties or public rights, or charitable, religious, civic, community, governmental and educational organizations in matters in furtherance of their organizational purposes, where the payment of standard legal fees would significantly deplete the organization's economic resources or would be otherwise inappropriate; (2) delivery of legal services at a substantially reduced fee to persons of limited means; or (3) participation in activities for improving the law, legal system or the legal profession.

Interest on Lawyers Trust Accounts Program

The LBF IOLTA Program was **established by the Louisiana Supreme Court in 1985**. LBF administers IOLTA on behalf of the Court.

The IOLTA Program **requires** lawyers and law firms to establish interest bearing accounts for client deposits which are nominal in amount or expected to be short-term.

Because **IOLTA is tied to interest rates** paid by the banks holding IOLTA deposits, IOLTA income **fluctuates** as rates change in response to rates set by the Federal Reserve and other factors.

- ✓ LBF provides technical assistance to participating financial institutions and attorneys
- ✓ LBF handles establishment of IOLTA accounts, program compliance, and rate negotiation
- ✓ LBF maintains a list of eligible banks
- ✓ Resources for banks and attorneys are available on the LBF website

Resources for banks and attorneys are available on the LBF website.

Interest on Lawyers Trust Accounts Program

Increasing and **sustaining** IOLTA revenues through periods of economic recession or stress remains an imperative for IOLTA programs contending with the persistently high level of unmet legal need among persons living in poverty.

Unclaimed Funds are client or third person funds on deposit in an IOLTA account for **at least two years** that after reasonable due diligence the owner cannot be located or the owner refused to accept the funds. *A lawyer who either remits funds in error or later ascertains the ownership of remitted funds, or the owner thereof, may make a claim to the Louisiana Bar Foundation, which after verification of the claim will return the funds to the lawyer or owner, as appropriate.*

Unidentified Funds are funds on deposit in an IOLTA account for **at least one year** that after reasonable due diligence cannot be documented as belonging to a client, a third person, or the lawyer or law firm. A lawyer who learns of Unidentified Funds in an IOLTA account must remit the funds to the Louisiana Bar Foundation.
